☆☆☆☆☆ **Awesome Plates**

By Libby Cherry on April 18, 2013

Size: 6 Taco Plates | Verified Purchase

We love tacos and have them pretty frequently. I just bought these several weeks ago and they are great! Well made, holds our tacos well so we can load them up, and wash up nicely in the dishwasher.

Gave these as a gift and did they go over big!! Will order some for myself. Like that there are 6 and not the normal 4 in a pkg.

They are very cute and I'm sure I will enjoy them. Had a specific plan in mind and then plans changed so haven't actually used them yet!

☆☆☆☆☆ **Fun and Festive!!**

These dishes are really nice and work great for serving tacos. They are sturdy and roomy and very colorful. Lots of fun!

These plates are great on "Taco Night". No more will you perfectly construct your tacos only to have them fall over and spill all of the contents on the table. Now, you can put that off until you bite into the taco and the bottom cracks and spills the contents down your shirt front

By MySnow on March 18, 2016

Size: 6 Taco Plates | Verified Purchase

Purchased the set of six taco plates for use by our family of frequent taco makers and eaters. Yay! No more taco holders that slide all over your plate. These plates are such a great idea. They have space for three to four tacos; we make the regular hard shell tacos. Two sections at one end can hold extras such as refried beans, toppings. The length of the internal space of the plate is 11 inches; this is not including the external lip of the plate, so a very good size. Sturdy and easy to hold.

☆☆☆☆☆ great for parties, and kids!

By scientific mom on October 28, 2014

Size: 6 Taco Plates

We love these, the kids especially. And it makes filling tacos much easier! The smallest taco slot definitely only fits what I would call a "regular" size taco shell. The bigger ones they have in stores lately fit in the other two slots. The "stand n stuff" shells with the flat bottoms don't fit, however, these stand them for you anyway! For people who want both hard and soft shell, I put the soft shell in the middle between two hard shells and they hold the soft shell up. The two side spots fit rice and beans well, or guacamole, sour cream, pico de gallo, etc. We've put them in the microwave and dishwasher (top rack) many times, and they haven't warped or anything. Ordering more as a gift!

☆☆☆☆☆ Otherwise a very good buy.

Wish the dish itself was a little deeper. Tacos want to bend over and not stand upright. Otherwise a very good buy. Published 4 months ago by Barbara H.
